

# **It's as Easy as A,B,C**

## **Lesson 1, Mirror, Mirror**

### **Module 11, Braveheart**

#### **Resource 2**

M11L1R2 10-15 mins

God never meant following Him to be really hard to understand or hard to do. Sometimes we make it that way, but it's really as easy as 'a, b, c'.

#### **You will need:**

- a large space (if your space is fairly empty, you might like to add some extra items in your space which start with 'a', 'b' or 'c', etc. but the children are likely to be creative, e.g. 'air' or 'bodies' or 'carpet'. Encourage them to be creative.)

#### **How to play:**

- the leader will start by calling out either 'a', 'b' or 'c'
- when he or she calls out one of these letters, everyone has to run and stand near something starting with that letter
- the last one to get to something that starts with 'a', 'b' or 'c' is out
- if they run to something which has been run to before, they are also out

#### **The goal of the game:**

- to run and stand near something starting with the letter called

#### **How to win:**

- the winner is the last player in the game
